

The Lázár Equestrian Park is situated 35 kilometers from Budapest, in the very heart of the hills of Gödöllő, five kilometers from the Royal Palace.

This enterprise, which has been dreamt up and realized by the horsediving world champion Lázár brothers, combines the atmosphere of Hungarian villages with that of a horse farm of European standards and with outstanding Hungarian hospitality.

We offer excellent entertainment not only to foreign tourists, but also to companies and firms, families and groups of friends who wish to celebrate a special event in the Lázár Equestrian Park.

The Equestrian Park is in a picturesque environment, its 9 hectares offer an ideal site for several unique programs:

- Spectacular horseshows, a revival of Hungarian horing traditions.
- Horse driving competition for the guests on a reallife race ground – with the world champions as ‘grooms’

- Puszta Olympic Games’ as an excellent teambuilding opportunity

- Several other exciting programs such as: folklore show, archery show, four-wheel quads, Trabant rally, adventure game, handicrafts ...
